

TITLE:	RESIDENT SUPERVISION	POLICY 2.01
--------	----------------------	-------------

Authority: [WAC 388.78A.2050, Resident characteristics](#)

PURPOSE:

This policy describes Trouves Health Care supervision of residents.

SCOPE:

This policy applies to all Trouves employees and staff.

POLICY:

- A. Trouves Health Care supervises residents to maintain the residents' safety, monitor any health concerns, and provide active treatment to maintain or improve functioning as outlined in the resident service plan.
- B. Trouves employees complete a periodic census and environment of care rounds to provide an additional safety check.
- C. A doctor's order is obtained for residents who attend medical appointments, activities, family visits, other appointments outside of the facility. Outings outside of the facility are coordinated with nursing staff, to enable medications, food or other necessary items are packed and with the resident upon departure.
- D. Trouves Health Care's Service Plan Team works with the resident and community stakeholder to determine each resident's need of supervision. The resident supervision needs are documented in the resident service plan.

EXCEPTIONS:

No exceptions to this policy may be granted without the prior written approval of the Director.
